

JR Technologies receives ISO 27001:2013 certification

JR Technologies gets ISO 27001 certificate in July 2014.

ISO 27001:2013, is an internationally accepted standard on information security management (ISM). The standard deals with the protection of the organization's information assets, personnel, infrastructure and physical security. ISM is a systematic approach to managing sensitive company information so that it remains secure. It includes people, processes and IT systems.
